# ABOUT US

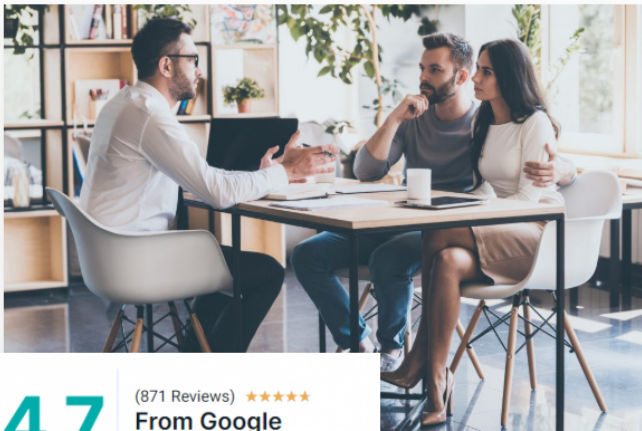

## ABOUT COMPANY

Garmin Venture, Is a company functional in crypto, binary, forex, real estate, gold mining, stock exchange, assets speculation. Located in Australia, all dedicated to managing it's investors portfolios. Delivering quality service, which is unique, valuable and profitable to help our investor attain financial success by providing real investment opportunities and support. A young but very promising company that boldly gains the trust of investors from around the world!

We present a modern high-tech business, which is associated primarily with cryptocurrency and highly productive activity on the multicurrency Forex market. Our professional team of traders and market analysts is ready to offer the best terms for your daily earnings with reasonable requirements of your investment.

Garmin Venture | Trusted Trading and Investment Platform does not propose some revolutionary products, but our offer is publicly available and this is the main advantage of our company. Join us to verify by own how much quality of trust management service we offer. Our experts have extremely rich experience in working on financial markets, stock and private exchanges. This means that we don't have any risk - all your money is in the hands of professionals who save and multiply it every day.

We are open to our customers and therefore we are eager to provide access to all the necessary statistics regarding the growth and profits of the company our major core strengths is the ability to successfully provide import financing, export financing, and project financing to customers who have previously been rejected by banks and other financiers. In fact, we have been extremely successful at financing deals for clients who were rejected elsewhere before coming to us. The global shortage of trade finance has made this phenomenon increasingly common, especially for small businesses. and we run a team of professionals that are ready to support you 24/7.
